Young Inventors Journal (YIJ)

Young Inventors Journal (YIJ) is a free online research journal that is earmarked towards younger generation to increase their interest, get involved and immersed in learning in science, technology and innovation. Accordingly, our journal hopes to expose young generation to new ideas and inventions.

We hope to tackle issues from a different angle – from the eyes of the young thinkers and creators. Under Young Inventors Journal, we are organising the first paper writing competition under the general theme of “How to Conserve and Save Water?” Thus, the ‘Young Inventors Journal’ would like to invite young people to write in well researched papers on their proposed solutions.

YOUNG INVENTORS JOURNAL PAPER WRITING COMPETITION

THEME: HOW TO CONSERVE AND SAVE WATER?

WHAT?

- Objective is come up with creative solutions to any water related problem you identified.
- Paper should focus on 1 or 2 solutions

HOW?

- Papers should be well-researched, with necessary information on problem identification, data collection approach and a creative solution.
- Solution can be a product, methodology, process or even a recommended government policy.
- Solution can be targeted for individuals, local communities, Non-governmental organisations, the government, and so on

Important Dates

Registration Deadline:
29th April 2019

Paper submission
Deadline:
1st June 2019

Shortlisted paper
presentation by
participants:
6th July 2019

WIN PRIZES

Individual Paper Writing:

- Champion: RM 1,000
- 1st runner-up: RM 700
- 2nd runner-up: RM 500

WIN PRIZES

Team Paper Writing:

- Champion: RM 3,000
- 1st runner-up: RM 2,000
- 2nd runner-up: RM 1,000

• Open to ages 13 - 18 years old.
• Number of words: 1000 – 3000 words only.
• Diagrams/Flowcharts/Drawings: Adequate to explain your solution

In This Issue

- Young Inventors Journal (YIJ)
- Science Fair for Young Children Champions League (SFYC CL)
- Young Scientific Explorer (YSE)
- ASTI Industry Advisor to Politeknik Ungku Omar
- DISTED 2nd Annual Mathematical and Science Olympiad
- International ISAID
- SJK(T) Arumugam Pillai

Science Fair for Young Children Champions League (SFYC CL)

Science Fair for Young Children Champions League was held for winners of international competitions and past participants of Science Fair for Young Children. These past winners of international competitions were given modules on how to pitch their product as an entrepreneur. The best 3 teams were selected and given prizes based on their business pitch and business plan. List of 3 best teams are a below:

- 1) SJK(T) Taman Tun Aminah
- 2) SJK(T) Puchong
- 3) SJK(T) Ladang Wellesley

Powered by:

Young Scientific Explorer (YSE)

ASTI was invited by Setia Eco Templer to put up YSE booths for their Open Day event. A number of science experiments were conducted from 11.00 am until 5.00pm for children and their parents on 23rd March 2019 at Setia Eco Templar Sales Gallery.

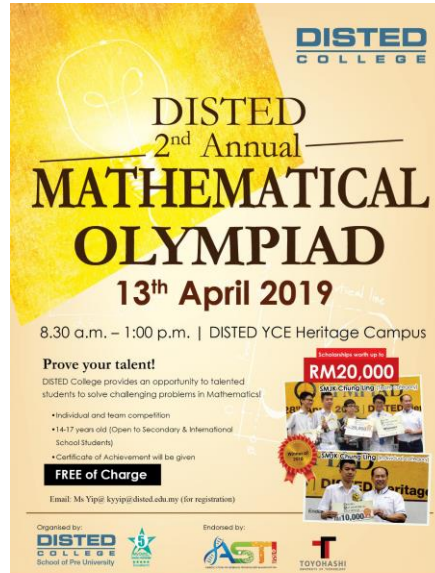

ASTI Industry Advisor to Politeknik Ungku Omar

ASTI has been officially appointed to the Industry Advisory Board for Politeknik Ungku Omar.

DISTED 2nd Annual Mathematical and Science Olympiad

DISTED COLLEGE

DISTED 2nd Annual MATHEMATICAL OLYMPIAD
13th April 2019

8.30 a.m. – 1:00 p.m. | DISTED YCE Heritage Campus

Prove your talent!
DISTED College provides an opportunity to talented students to solve challenging problems in Mathematics!

- Individual and team competition
- 14-17 years old (Open to Secondary & International School Students)
- Certificate of Achievement will be given

FREE of Charge

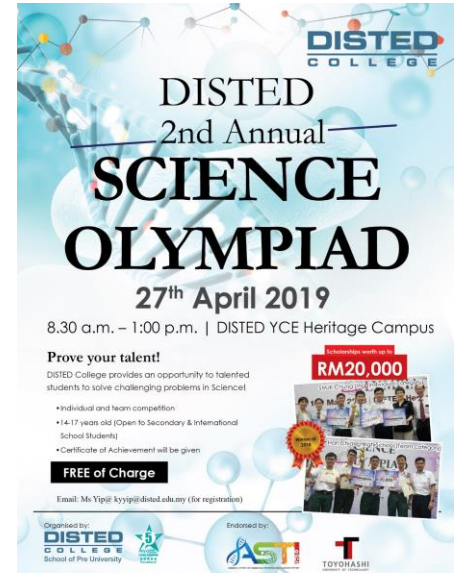

Email: Ms Yipji kyypj@disted.edu.my (for registration)

Prize money up to **RM20,000**

Organized by: **DISTED COLLEGE** School of Pre University

Endorsed by: **ASTI** TOYOHASHI

☎ 04-229 6579 ☎ 019-427 8607 🌐 disted.edu.my

DISTED COLLEGE

DISTED 2nd Annual SCIENCE OLYMPIAD
27th April 2019

8.30 a.m. – 1:00 p.m. | DISTED YCE Heritage Campus
