ABOUT US

The Association of Science Technology and Innovation (ASTI) is an association of educators, scientists, industry representatives and individuals who are committed to advancing the role of the scientific community in inspiring the youth of the nation to join and excel in the world of science. The members aim to revolutionize the teaching, understanding, and awareness of the vital role science, technology and innovation plays in fulfilling the economic, health and environmental requirements of the world's population. Members are also seeking to mentor and encourage youth to seek new innovative methods and technologies that will enhance the understanding and learning of the sciences.

Total	352

NEWS

Clean Power New Energy 2022

The 2nd ANNUAL CLEAN POWER & NEW ENERGY 2022 is scheduled to be held on 20th -21st July 2022 in Kuala Lumpur, Malaysia.

Clean Power & New Energy is the most efficient and targeted event for utility scale renewable companies. Bringing these technologies together will create more value for participants by enhancing opportunities to network, broadening the scope of education and providing access to an exclusive audience.

Incorporating all renewable technologies will be more convenient and cost-effective for multi-tech businesses as well as companies specializing in wind or utility solar who will benefit from an efficient business development forum that attracts decision makers from large-scale developers, corporate buyers and utility.

ASTI's members and volunteers are entitled for a special 10% discount (CPNE2022ASTI).
