ASTI's Hari Raya Aidilfitri Wishes

ASTI would like to wish all celebrants *Selamat Menyambut Hari Raya Aidilfitri* and Happy Holidays!

Young Inventors Challenge 2024

The Young Inventors Challenge (YIC) 2024, hosted by ASTI, is back to help inspire young students aged 13 to 17 years old to collaborate in teams of 2-5 members. This competition encourages participants to discover innovative solutions to contemporary challenges. By joining the YIC, students will enhance their creativity, critical thinking, and problem-solving abilities. We believe that YIC can nurture future changemakers who will contribute positively to society.

School Level Science Fair for Young Children 2024

We are thrilled to announce the launch of our annual School Level Science Fair for Young Children (SLSF) 2024, which is READY TO GO NOW!!!

Kindly submit your proposals to participate in SLSF2024. Click the link below to download all the related documents:

Link: <https://www.nsfyc.org/school-level-science-fair-2024/>

SLSF provides an opportunity for students to showcase their creativity, ingenuity, and scientific expertise. We invite all SJKT schools to participate in this exciting programme.

ASTI's Special Socrates Round Table

On the 23rd of February 2024, ASTI hosted a Special Socrates Round Table with visionaries and experts on the subject matter.

The event titled "How Students Can Prepare For An Even Faster Changing World" was moderated by *Dato' Tharuma Rajah*.

Please find the recording of this interesting and thought provoking event at

<https://youtu.be/bL2NtQ5lleQ>

Dato' Tharuma Rajah - Member of The Board of trustees Teach for Malaysia, Senior Advisor to Pivotus Consulting & Former Global Managing Director for Hay Group.

The recording of ASTI's Special Socrates Round Table held on 23 February 2024 is available in the following link:
